July 7, 2006

Permit Number: OCRM-06-915
Permit ID: 55134

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Mark Martin
C/o Gregs Decks Docks & Seawalls Inc
Po Box 749
Bluffton SC 29910

LOCATION: On and adjacent to Skull Creek at Lot 62 Outdoor Resort, Hilton Head Island, Beaufort County, South Carolina.
TMS#: R501-006-00A-0036-0062.

WORK: The work proposed consists of replacing failed bulkhead and private dock. The applicant proposes to remove failed subtidal bulkhead and replace with a new 5' high by 45' long subtidal bulkhead to prevent slumping of mud into the channel. The purpose for the bulkhead is for erosion control. Also to replace a 3'x10' section of walkway with handrails and replace with a new 3'x14' ramp and new 5'x18' floating dock. The purpose for the dock is for the property owner's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before July 22, 2006.
